MEALS SERVED PROMPTLY

Cold River Camp has always prided itself in trying to serve good tasting and healthful family-style meals. While we strive to provide a variety of options to respond to as many tastes as possible, we are limited to a set menu for each meal. If you do have specific dietary needs, such as food allergies or a medically restricted diet, please let us know about them when you arrive. We will try to accommodate you as best we can.
